to guess where they would be, but the dark and seemingly lifeless space below spread out in all. "Once I was on the high slopes," Mead said, "and a spring snowstorm came on me, and I lost my way..back against the immense trunk of the oak, and stared into the forest for a while. It was late." "But," said Dragonfly and stopped, caught by the argument. After a while she said, "So a name has to be a gift?" "Stand!" he said to it in its language, and let go of it. Now I was standing in front of that room filled. gazing up at the white, soft fire of the stars.. The Changer and a thin, keen-faced old man standing beside him nodded in agreement. The Master Hand said, "Irian, I am sorry. Ivory was my pupil. If I taught him badly, I did worse in sending him away. I thought him insignificant, and so harmless. But he lied to you and beguiled you. You must not feel shame. The fault was his, and mine." cheek in a butterfly kiss, dark lashes. He believed that you had taught her spells." Dulse knew better than to ask for explanation. The need to speak such a spell could not come often; the chance of his ever having to use it was very slight. He let the terrible spell sink down in his mind and be hidden and layered over with a thousand useful or beautiful or enlightening mageries and charms, all the lore and rules of Roke, all the wisdom of the books Ard had bequeathed him. Crude, monstrous, useless, it lay in the dark of his mind for sixty years, like the cornerstone of an earlier, forgotten house down in the cellar of a mansion full of lights and treasures and children.. say?" he asked, reluctant.. "I think he will not walk in the Grove. Nor on Roke Knoll. On the Knoll, what is, is so," Woodedge. He could not make the young man let go of the dead woman. Weak and shaky as he was, he. "To Roke?" She stared. "To Roke, Di? Then you really do have the gift --you could be a sorcerer?" he called it to himself. The ship would float, and handle well, and steer, but she would never. direction. An unexpected emptiness, raspberry panels with glittering stars, rows of doors. The. In the young dowsler he recognized a power, untaught and inept, which he could use. He needed much more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had never practiced it, but he could see that the young fellow had the gift. He would do well to learn the boy's true name so that he could be sure of controlling him. He sighed at the thought of the time he must waste teaching the boy what he was good for. And after that the ore must still be dug out of the earth and the metal refined. As always, Gelluk's mind leapt across obstacles and delays to the wonderful mysteries at the end of them.. "I used him to help me get here and to tell me what to say to the Doorkeeper," Irian said. "I'm." There was no place for him among the Masters, since a new Master Summoner had been chosen, a. colored galaxies of squares, clusters of spiral lights, glows shimmering above skyscrapers, the. Kings, lords, and Islemen charged with defending the islands of the Archipelago came to rely increasingly on wizards to fend off dragons and Kargish fleets. In the Havnorian Lay and The Deed of the Dragonlords, as the tale goes on, the names and exploits of these wizards begin to eclipse those of the kings.. them, yes. We can send to them a voice or a presentment, a seeming, of ourself. But we do not. He tried to remember how to make light. Anieb said to him, plaintively, "Can't you make the. He pondered. All the time he was with Gelluk, he had tried to learn from him, tried to understand. "I will," said Ivory, with a wink at Dragonfly. She, well disguised in dirt and a farmhand's old smock and

leggings and a loathsome felt hat, did not wink back. She played her part even while they sat side by side dangling their legs over the tailgate, with six great half-tuns of wine jolting between them and the drowsy carter, and the drowsy summer hills and fields slipping slowly, slowly past. Ivory tried to tease her, but she only shook her head. Maybe she was scared by this wild scheme, now she was embarked on it. There was no telling. She was solemnly, heavily silent. I could be very bored by this woman, Ivory thought, if once I'd had her underneath me. That thought stirred him almost unbearably, but when he looked back at her, his thoughts died away before her massive, actual presence..blights and fires and sicknesses across the land, and the village witch was punished for them. Since time immemorial, until the reign of Heru, they had used only the outmost isles of the West Reach-which may have been the easternmost borders of their own realm-for meeting and breeding, and had seldom even been seen by most of the islanders. Naturally irritable and arrogant, the dragons may have felt threatened by the increasing population and prosperity of the Inner Lands, which brought constant boat traffic even out in the West Reach. For whatever the reason, in those years they made increasing raids, sudden and random, on flocks and herds and villagers of the lonely western isles.."I doubt it," Diamond said.."Not till you'd come to Oraby, a ten-twelve miles on south."
