"I don't see why one couldn't be." She never saw why something could not be..So it was. For the rest of his life, Medra kept the doors of the Great House on Roke. The garden door that opened out upon the Knoll was long called Medra's Gate, even after much else had changed in that house as the centuries passed through it. And still the ninth Master of Roke is the Doorkeeper..them? Why did they come here, if they won't work with us?" "Even if you -".and to the house of Iria. He paused again. As he talked it seemed to him that everything he said was true, and his voice was moved and gentle as he said, "I could have known it long ago. But I chose not to use those arts. I wanted you to trust me enough to tell me your name yourself."..important..again reached out her hand, to place her palm flat against a metal plate on a door, and entered..industry..certain. "Eyelash" in the True Speech is siasa, he read, and he felt eyelashes brush his cheek in a butterfly kiss, dark lashes. He looked up startled and did not know what had touched him. Later when he tried to repeat the word, he stood dumb..into a blaze. "That I know. But our lives are short, and the patterns very long. If only Roke was..At first he had thought Diamond had a knack such as many children had and then lost, a stray spark of magery. "Very old. As old as the Great House. Everything is..have anyone. It's strange. . .".He told Birch that he had received a sending from his teacher on Roke, the Master Hand, and must go at once, on what business he could not say, of course, but it should not take long once he was there; a half-month to go, another to return; he would be back well before the Fallows at the latest. He must ask Master Birch to provide him an advance on his salary to pay for ship-passage and lodging, for a wizard of Roke should not take advantage of people's willingness to give him whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to give Ivory a purse for his journey. It was the first real money he had had in his pocket for years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on the other in honour of King Lebannen. "Hello, little namesakes," he told them when he was alone with them. "You and the cheese money will get along nicely."..waking up, it occurred to me: I was on Earth..for the Hardic language. Dragonfly waited. "It's the power, like I said. It comes just so." Rose stopped her spinning and looked up with one eye at a cloud in the west; the other looked a little northward of the sky. "You're there in the water, together, you and the child. You take away the child-name. People may go on using that name for a use-name, but it's not her name, nor ever was. So now she's not a child, and she has no name. So then you wait. You open your mind up, like. Like opening the doors of a house to the wind. So it comes. Your tongue speaks it, the name. Your breath makes it. You give it to that child, the breath, the name. You can't think of it. You let it come to you. It must come through you to her it belongs to. That's the power, the way it works. It's all like that. It's not a thing you do. You have to know how to let it do. That's all the mastery." him. Gelluk was powerful, masterful, strange, yet he had set him free. For the first time in weeks. "She can lodge in the town," the Changer said, with some relief. "I've been thinking," he said. "There are eight of you. Nine's a better number. Count me as a Golden grunted, unimpressed..keeping Bren's shoes for, anyhow? They were too small for Berry and too big for her. She'd given out the poker to gather together her namesakes in the hearth, and with a whack knocked the heap." But the spirit of rivalry worked in the boy as he grew to be a man. It's a strong spirit on Roke. Crow was delighted to get a water-stained bestiary from the time of Akambar in return for five silver buttons, a pearl-hiked knife, and a square of Lorbanery silk. He sat in Hopeful and crooned over the antique descriptions of harikki and otak and icebear. But Tern went ashore on every isle, showing his wares in the kitchens of the housewives and the sleepy taverns where the old men sat. Sometimes he idly made a fist and then turned his hand over opening the palm, but nobody here returned the sign. Maharion's mage-counselor and inseparable friend was a commoner and "fatherless man," a village witch's son from inland Havnor. When he was done Veil was silent a long time and then said, "That was what you meant, when you." "Yes," Gelluk said, his deep voice soft and dreamy, "she must be burned alive. And then, only then, he will spring forth, shining!" "When do we land?" They walked a half-mile or so. The Knoll rose up full in the western sun on their right. Behind them the School sprawled grey and many-roofed on its lower hill. The grove of trees towered before them now. She saw oak and willow, chestnut and ash, and tall evergreens. From the dense, sun-shot darkness of the trees a stream ran out, green-banked, with many brown trodden places where cattle and sheep went down to drink or to cross over. They had come through the stile from a pasture where fifty or sixty sheep grazed the short, bright turf, and now stood near the stream. That house," said the mage, pointing to a low, moss-ridden roof half-hidden by the afternoon shadows of the trees. "Stay tonight. You will?" He pulled up some grass and rubbed at the slimy mud on his feet and legs. It was not dry yet, and only smeared about on his skin. "I hate mud," he whispered. Then he snapped his jaws and stopped trying to clean his legs. "Dirt, dirt," he said, gently patting the ground he sat on. Then, very slow, very careful, he began to speak the spell of calling. A woman of power, she knew what he was. Had she called him there? "Tell us who you are," the white-haired man said, courteously enough, but without greeting or there.
