Hearing of this, Orm's dragon anger woke again, and he "leapt for Havnor like an arrow of fire." Perceiving the Hand as a threat to their hegemony, the mage-warlords of Wathort raided Roke, and killed almost all the grown men of the island. But the Hand had already stretched out to other islands all around the Inmost Sea. As the Women of the Hand, the community survived for centuries, maintaining a tenuous but vigorous network of information, communication, protection, and teaching.."Who doesn't?
