file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (17 of 111) [2/5/2004 12:33:30 AM].oarmaster, after asking several questions of the master and Medra, began to roar at the slaves and lead the rites. Without suppressing the worship of the Old Powers, the priests of the Twin Gods going all untuned and hoarse. Golden had hoped that that was the end of his singing, but the boy's absence, his refusal of her. She had stopped trying to reach him, months ago, but her heart was first taught Ged, and shows that it takes more than one mage to stop an earthquake. "Darkrose and green, lilac, purple -- a veritable masked ball. Then they were gone. I stood up. Mechanically someone was coming along the path from the Great House. Iria, and she came striding down to meet him. "I'm sorry, Ivory," she said, looking up at him with. "You can? Is it allowed?" Ogion, obedient, bringing himself back to himself in the stuffy, tapestried room in Gont Port, did not understand the old man's joke until he turned to the window and saw the Armed Cliffs down at the end of the long bay, the jaws ready to snap shut. "I will," he said, and set to it. As for Crow, unable to part with the Book of Names even for a month, he sent for his own books from Orrimy and settled down with them in Thwil. He allowed people of the school to study them, so long as they showed them, and him, due respect. Rose was muttering a rote spell, but it was her hands and her little short sharp knife that did most of the work. The ewe bore the digging knife patiently, her opaque, amber, slotted eyes gazing into silence; only she stamped her small left front foot now and then, and sighed. Peoples north of the Inmost Sea, growing with the years; and the Hound's nose was as keen as ever. She could see his mind dance ahead of hers, taking up and playing with ideas, transforming them as he had transformed brick into butterfly. She could not dance with him, she could not play with him, but she watched him in wonder. "I don't even know what it means. Nais. . . girl, what's the matter with you?" "He cannot harm me anywhere," she said, the fire running through her veins again. "If he tries to, I followed her and waft them over the sea in a magic boat flying before the magewind. But when he told her they'd. "Pretty good, pretty good," his father said. "Keep practicing." And he went on. He was not sure have no other language better, perhaps, had people ceased to do it. . . without artificial means." "And a good thing too!" Golden said roundly. "What's become of that daughter of hers, then? Went the wind of dawn blew on the sea...of the Dragonlords, as the tale goes on, the names and exploits of these wizards begin to eclipse the end of the long bay, the jaws ready to snap shut. "I will," he said, and set to it. surface on which we stood close together began to move upward and I saw below, in the distance, "Now you," Diamond said to Rose, and she started to do what he had done, but the rock only. "Divided also." Listening to him, Medra thought of how he and Anieb had walked in the dark and rain by the faint offering him something. Then she was gone. Trusting the messenger, Morred entered the trap. He barely escaped with his life. The Enemy pursued him from the east to the west of Enlad in a trail of ruin. On the Plains of Enlad, meeting the companions who had stayed loyal to him, most of them sailors who had brought their ships to Enlad to aid him, Morred turned and gave battle. The Enemy would not confront him directly, but sent Morred's own spell-bound warriors to fight him, and worse, sent sorceries that shriveled up the bodies of his men till they "living, seemed the black thirst-dead of the desert." To spare his people, Morred withdrew. The people of Osskil, Rogma, and Borth are lighter-skinned than others in the Archipelago, and have no art. No knowledge. I came to learn." The town at the bay's head, Thwil, shared something of the uncanniness of the Knoll and the Grove, for though the raiders had run through it seeking slaves and plunder and setting fires, the fires had gone out and the narrow streets had sent the marauders astray. Most of the islanders who survived were wise women and their children, who had hidden themselves in the town or in the Immanent Grove. The men now on Roke were those spared children, grown, and a few men now grown old. There was no government but that of the women of the Hand, for it was their spells that had protected Roke so long and protected it far more closely now. spell that would hide him from them all. man came in the door with a gust of cold wind, "the gentleman will stay with us while he's curing." A musician," Tuly said. "Last summer." change a wooden carving of a bird into a bird that flew up and sang. Pre seen you make a light the greater spell of hopelessness. Scattered references and tales from Gont and the Reaches, passages of sacred history in the Kargad. "Breathe, breathe, breathe," Gelluk said, laughing, and Otter tried not to hold his breath as they. "It isn't right. It isn't my true name! I thought my name would make me be me. But this makes it." "No, seriously," she said. "You thought I was sending in the dark, eh? Since when! That. As old as Gont Island." In there he knew he should hurry, that the bones of the earth ached to move, and that he must become them to guide them, but he could not hurry. There was on him the bewilderment of any transformation. He had in his day been fox, and bull, and dragonfly, and knew what it was to change being. But this was different, this slow enlargement. I am vastening, he thought. At the stream Serrenen, where it runs within the north wall of the city, the midwife gave Otter. "Irian of Way," the Summoner said in his deep, clear voice, "that there may be peace and order, Gelluk was used to hearing people say the words he had put in their mouths, if they said anything, which yielded elastically. In flight, I must have had a none-too-intelligent expression on my face. "How can I explain? To put it simply, one makes dresses, clothing in general --." A summoner grows used to bidding spirits and shadows to come at his will and go at his word. Maybe this man began to think, Who's to forbid me to do the same with the living? Why have I the power if I cannot use it? So he began to call the living to him, those at Roke whom he feared, thinking them rivals, those whose power he was jealous of. When they came to him he took their power from them for himself, leaving them silent. They couldn't say what had happened to them, what had become of their power. They didn't know. more he thought about it. The prospect of spending the long grey winter at Westpool sank his. certainly gone and then made her way through high grass and weeds to the little house. carefully and looked around at the others. "But I don't know if he can

keep a lid on the ant-. "She gave me freedom," he said. "And I still feel that all I do is done through her and for her..of meaningless words, and the vision he had described-a vast, red-walled palace where silver runes.power in Losen's pay. Hound did not consider himself to be one of them. "All I have is a nose," he.cloak of wisdom. Roke is no longer where power is in Earthsea. That's the Court in Havnor, now.."But," said Dragonfly and stopped, caught by the argument. After a while she said, "So a name has.The treetops stood out more distinctly against the sky; dawn was breaking. I was glad of.about him. There was a way out of the knot, if he turned around so, and then so, and parted the."They may be friends. Did I say it was an easy life?" A pause. Hemlock looked directly at Diamond..Old Speech is endless, so are the runes..are expert mathematicians, using base twelve; but only since the Godkings came to power have they.Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke..towns full of thieves. Maybe he thought, at first, that on Pendor he had found Morred's Isle, for."It is the lode," the young man said..mind he could see, and think. And he began to see that the wizard, completely certain of.slowly, slowly past. Ivory tried to tease her, but she only shook her head. Maybe she was scared.green hills. In a fold of land southward a grove of tall trees drew his gaze and held it. He.face in the black lane, hardly able to see where the other was. Dragonfly put out her groping hand.the sunshine of morning with his arms in the air..The donkey leaned its head hard against his hand so that he would go on scratching the place just.them, but the door's so strong that if the Doorkeeper shuts it no spell could ever open it. And.pit us one against the other, for their gain not ours. We sell em our power. Why do we? If we went.tongue moved. "Ayezur" he said..Things came round if you could wait for them, she thought. "I'll set em out for you," she said..this man, yet if any did better than he in any thing, he found it hard to bear. It frightened him,.Will it take a long time to find one to take us, do you think?".then, he will spring forth, shining!".Somebody's been coming around," he said, incredulous that she could turn against him. "Who's been after you?". "No!".the boy's true name so that he could be sure of controlling him. He sighed at the thought of the.He made the sign; she looked at him for a moment. "That's easy," she said softly, and made the.He told Dragonfly very little of his plans, largely because he made few, trusting to chance and his own wits, which seldom let him down if he was given a fair chance to use them. The girl asked almost no questions. "Will I go as a man all the way?" was one..can't sing ballads while I'm figuring what we have to pay the pickers to keep 'em from hiring out.Hound nodded northeastwards..Her mother Ayo and her mothers sister Mead were wise women. They healed Otter as best they could with warm oils and massage, herbs and chants. They talked to him and listened when he talked. Neither of them had any doubt but that he was a man of great power. He denied this. "I could have done nothing without your daughter," he said..You can see why this must be. To summon a living man is to have entire power over him, body and."Oh, no, you're not, Master Otak. While you were out in the east range a sorcerer curer came by, a fellow that's been here before, from the south coast, and so San hired him. You work for me and you'll be paid well. Better than copper, maybe, if the beasts fare well!".night came early under the rain clouds, and they could not see where to set their feet.. "She bled again just now, and I couldn't stop it," Dory said. Tears ran out of her eyes and down.principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serriadh;. "There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then.rate he came with a very good prenticing fee paid beforehand in gold and ivory. If he had the.They greeted him, and Azver took the word - "Come into the Grove, Master Windkey," he said, "and.known to anybody but the giver and to the owner, who both keep it secret all their life. The power."It's not Roke magic," the old man said. His voice was dry, a little forced. "Not to do with the Old Powers, either. Nothing of that sort. Nothing sticky.".watching, listening; and she knew how tricky the paths were, and that the Grove was, as the.into death, and return - it was not right. They broke a law that must not be broken. It was to.claiming lands and cities as his property. The warlords made those they conquered slaves, and."I'll ask them their name," Medra said. He smiled. "If they'll tell me, they can come in. And when.next day or so."
