"Not at all," laughed Jack. "They didn't even notice that the jailor was gone." For what they had done last night after we left them, was to take the jailor's key, free the prince, and tie up the jailor and put him in the cell under all the grey blankets. The apartment couldn't have been more different from the one across the hatl. It was comfortable and cluttered, and dominated by a drafting table surrounded by jars of brushes and boxes of paint tubes. Architecturally, however, it was almost identical. The terrace was covered with potted plants rather than naked muscles. David Fowler sat on the stool at the drafting table and began cleaning brushes. There's a big project about to begin just east of here. From what I gather, it's a tomb of some kind, and it's supposed to set a new trend. "In just a moment," said the thin grey man, "you will see a man living through the happiest moment of his life. But first I must make sure my nearest and dearest friend can see too." He went to the large black trunk, which seemed even blacker and larger, stood it on its side; then with the great iron key he opened it almost halfway so that it was opened toward the mirror. But from where Amos and Jack were, they could not see into it at all. "Oh, now," said Michelle placatingly. "We're still your friends, Mr. Riordan, but business is business. Conversation was tense and ragged at first until Lorraine got off on her "career" and kept us entertained and laughing. She had known a lot of famous people and was a fountain of anecdotes, most of them funny and libelous. Detweiler proved quickly to be the best player, but Johnny, to my surprise, was no slouch.
