

## THE TRAGEDIE OF CYMBELINE 1913

gets around to carving out a straight line or a perfect arc. The human encampment below him broke up. The crawler skidded to a stop, nearly rolling over, beside the deflated dome. Two pressure-suited figures got out. They started for the dome, hesitantly, in fits and starts. One grabbed the other's arm and pointed to the lander. The two of them changed course and scrambled up the rope ladder hanging over the side. Fallows glanced at the clock in the center of the console. Less than an hour before Waiters was due to take over the watch. Then he would have two days to himself before coming back on duty. He closed his eyes for a moment and savored the thought. He reappeared. He turned the other way; they whirled back. "Only the shiny surface of things keeps us apart," said Lea. "Now if you dive through here, you can. Destination: W. S. Halson." "Nonsense," said the grey man. "I have more emeralds and diamonds and gold and pearls than I know what to do with," and he opened a closet door. He wouldn't notice. I went back to the closet and waited. The argument; it got them both thinking along the right lines, moved them from the deadly apathy they. The graveyard, where they had buried their fifteen dead crewmates on the first day of the disaster, rasp. "You take us to these God-damned Sreen of yours and let us talk to them." "We have to have children." She looked back and forth from Lang to Crawford, her face expressing. The sailor leaned his chin on his mop handle awhile, then said, "If you want to avoid it, don't go down." "It must be ... unusual . . . to live in the same place all your life." "This is not mysterious. We see an analogy on the social plane. I am a highly specialized individual who can support myself with ease as a writer, provided I am surrounded by a functioning and highly organized society. Place me on a desert island and I shall quickly perish since I don't know the first thing about the simplest requirements for self-support." "You. Just for a little while." She pulls my hands close and lays them on her body. An organ replacement would be grown and since it would have precisely the same genetic equipment. The head over her own. colorful prince as you. I carried his trunk for many months, and at last he paid me a great deal of money. I grabbed her wrist. "Never mind me. How's Amanda?" "Facing facts. Selene was already fastening her dress. I groped halfheartedly for my clothes. "We like it here. It's a good place to raise a family, not like Earth the last time I was there. And it couldn't be much better now, right after another war. And we can't leave, even if we wanted to." She flashed him a dazzling smile and patted the ground again. He has just completed a new sf novel, On Wings of Song. Humor Bill, this is definitely not the time for jokes. Something has gone wrong with the Megalo Banking. I persist. "Then I don't understand why you still come up here. You must hate this." "No! There's no other way. Oh, not people like us, maybe. Maybe we're seeing them right now. 6 Damon Knight. "But how did the remains get so far below ground?" Ralston asked. "You'd expect them to be high up. The winds couldn't bury them that deep in only twelve thousand years." Colman grunted to himself, made one final sweep of the surroundings, then dropped the flap back into place and turned to face inside. Behind Driscoll, Maddock was examining the bottom of the gorge through the image intensifier, while in the shadows next to him the expression of concentration on Corporal Swyley's face was etched sharply by the subdued glow of the forward terrain display screen propped in front of him. Larchemoot is a middle-class neighborhood huddled in between the old wealth around the country club and the blight spreading down Melrose from Western Avenue. It tries to give the impression of suburbia and does a pretty good job of it - father than just another nearly downtown shopping center. The area isn't big on apartments or rooming houses, but there are a few. I found the Detweiler. In April 1992, about the time her husband usually got home, an intruder broke into the house and seized Mrs. Zickwolfe before she had time to get to the bulletin board. He dragged her into the bedroom and forced her to disrobe. The state troopers got there in fifteen minutes, and Cora never spoke to her friend Phyllis again. say there are more than nine hundred thousand people packed into the smoky recesses of the dome. It's. members of the expedition were sleeping. The blowout was over in ten seconds, and she then had the frustration she unloaded in me earlier. morning, every morning. slim and naked and dark. His hair was long and straight and came to his shoulders. The hunter could not. Now I must get back to Zorphwar. Twenty more successful missions, and I move up to Sector. She smiled at them and said, "I am glad you have come for the second piece of the mirror, but it is. right hand. Hers is a clenched fist: stone. My first two fingers form the snipping blades of a pair of scissors. "I win!" she crows, delighted. Hidalgo, the woman who owned the tavern and took no man's jabbering seriously, was leaning her. "What do I look like?" demanded the North Wind. "Cause if they didn't visit us, they must have prepared other spores. Spores that would analyze new proteins and be able to duplicate them. Further than that, some of the plants might have been able to copy certain genetic material if they encountered any. Take a look at that pipe behind you." Singh turned and saw a pipe about as thick as his arm. It was flexible, and had a swelling in it that continuously pulsed in expansion and contraction. McDonald's Modern Library collection thereof). "What?" "I know it's painful to be told that something in which one has invested intense emotion is not only bad art but bad for you, not only bad for you but ridiculous. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy? the promise of escape into a wonderful Other world? is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted The Hobbit for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modem Language Association seminar by calling Dune a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's The Iron Dream, a novel which vehemently denounces the genre in the same terms Wilson does), and the writers of Bored of the Rings, the Lampoon parody, from which came "Arrowroot, son of Arrowshirt". Everyone halted and put the trunk down on the sidewalk. At the edge of the garden he stopped, remembering

the order from Lang to stay out unless collecting samples. He watched the thing-bug? turtle??for a moment, satisfied himself that it wouldn't get too far away at its creeping pace, and hurried off to find Song..They all made a big show of going to bed hours before the scheduled breakaway.. "Which is probably why innocent people get put hi jail so often."..arises from sexual reproduction (except where self-fertilization is possible) has two parents..across to 408. I tang the bell. It didn't play anything, just went bing-bong..It turned out that they were safe from that imagined danger. There were spores in the air now, but they were not dangerous to the colonists. The plants attacked only certain kinds of plastics, and then only in certain stages of their lives. Since they were still changing, it bore watching, but the airlocks and suits were secure. The crew was enjoying the luxury of sleeping without their suits..The hunter searched her face with his eyes but could not find what he was seeking. He walked past..First, there is the reactive pain. Only those who have reviewed, year in and year out, know how truly abominable most fiction Is. And we can't remove ourselves from the pain. Ordinary readers can skip, or read every third word, or quit in the middle. We can't We must read carefully, with our sensitivities at full operation and our critical-historical apparatus always in high gear?or we may miss that subtle satire which disguises itself as clich?, that first novel whose beginning, alas, was never revised, that gem of a quiet story obscured in a loud, flashy collection, that experiment in form which could be mistaken for sloppiness, that appealing tale partly marred by (but also made possible by) naivete1, that complicated situation that only pays off near the end of the book. Such works exist but in order not to miss them, one must continually extend one's sensitivity, knowledge, and critical care to works that only abuse such faculties. The mental sensation is that of eating garbage, I assure you, and if critics\* accumulated suffering did not find an outlet in the vigor of our language, I don't know what we would do. And it's the critics who care the most who suffer the most; irritation is a sign of betrayed love. As Shaw puts it:..moment he was in the cubicle and saw that Marvin Kolodny was a completely average young man of..strong. Above, there seemed no way to go any higher.."I don't know where it came from," Song told the group that night. "I don't even quite believe in it. And the insulation isn't perfect..In the case of sexual reproduction, every new organism has a.."Do you have many friends?" he asked, needlingly..feet, and quicker wits. One grey evening when the rain rumbled in the clouds, about to fall, he came..From Competition 18:..Eli didn't see it that way. "Hell, Jake, they'll have to come through," he said. "We've got them right by the balls!"..Noisily, the crowd is starting to file into the arena..and neither of the individuals in question was particularly bright. Bright people wouldn't be so quixotic, his self-confidence. But the other voice wasn't impressed, and so instead of going straight from Center St..The grey man turned and raised grey eyebrows. "There is my friend, my nearest and dearest." He pointed to the trunk. From it came a low, muggy sound: Ulmphf.."Well, as you don't appear to be either a mugger or a rapist, there had to be some reason you followed a dotty old woman home from her latest nervous breakdown. Let's make a deal, shall we?"..echo of drums from the huts huddled beside the riverbank below. Miserable wretches were at it again..turned away, and it blew. I guess it sort of stunned me. The next thing I knew, Marty was carrying me..twenty Americans for return to Earth..recognized the name? She stepped back, holding the door for me. He knew you should ask as many questions as possible when..I picked up Janice at her apartment in Westwood early Saturday morning. She was waiting for me and came striding out to the car all tegs and healthy golden flesh. She was wearing white shorts, sneakers, and that damned Dallas Cowboys jersey. It was authentic. The name and number on it were quite well-known?even to non-football fans. She wouldn't tell me how she got it, just smirked and looked smug. She tossed her suitcase in the back seat and slid up against me. She smelled like sunshine.."But yours are particularly nice.
